Overview of the Public Opinion Survey on Diplomacy

December 2017 Public Relations Office, Cabinet Office The Government of Japan

- Survey target: 3,000 Japanese nationals of age 18 years or above nationwide Valid responses: 1,803 people (Response rate: 60.1%)
- Survey period: 26 October 5 November 2017 (Face-to-face interviews conducted by survey officers)
- **Objectives:** To obtain information pertaining to people's awareness on diplomacy, and to use the data as future reference for policy measures.
- **Survey items:** 1. Relations between Japan and other countries
 - 2. Development cooperation
 - 3. Japan's role in the United Nation
 - 4. External economy
 - 5. Cultural exchange
 - 6. The role that Japan should fulfill
- **Track record:** The survey has been conducted every fiscal year since FY 1975 (with the exception of FY 1976), this being the 42nd survey. (Since the survey for FY 2006, the respondents are informed that the survey is conducted by the Cabinet Office.)
- Note: 1) Attention should be paid when simply comparing the results of this survey to that of before the FY 2015, for the targets' age has been lowered from 20 years or above to 18 years or above from FY 2016.
 - 2) This document indicates "↑" or "↓" for responses with a statistically significant difference (95% confidence interval), in comparison with past survey results.

1. Relations between Japan and other countries

(1) Japan and the United States of America

A. Affinity towards the United States of America

(Note) Targets' age up to January 2016 survey were 20 years and above; targets' age from November 2016 are 18 years and above (the same hereinafter).
